Subject: RE: Infinity Capital Management/Preva Advanced Surgicare

Michael,

We've seen the motion that HAS filed on Monday this week. To be clear, we have no issue with TPL releasing funds relating only to HAS receivables. However, we had no backup to show if any of the collected overlap receivables in fact belonged only to HAS until I received your email last Friday May 20 at 8:40 PM ET. From that email I now understand that Willie Lennon and Tyrone Martin are solely HAS receivables and on whom we understand we hold no receivables. To the extent that TPL receives funds on non-overlap receivables belonging to HAS, Tecumseh has no issue with TPL releasing those funds. We continue to have a dispute with HAS as to the proper way to allocate payments related solely to the overlap receivables.

Best,
MB

Please find attached (and pasted in-line below) a breakdown of the amounts held on deposit for dates of service that are not part of the Holders' portfolio as well as the (proposed) calculations of pro rata splits. To the extent that you disagree with the pro rata calculation using outstanding gross billed charges (*which we view as the appropriate approach*), please confirm how you'd like us to proceed.

Michael,

To get these overlap claims settled we'd like to see detail on the proposed amount being sent to GAIN. I don't believe any details were provided except for the proposed amount. Specifically:

- The patients at issue. Through our lawyers we understand six patients make up the amount of which two are non-overlap receivables and solely HA receivables. Please confirm.
- On the overlap receivables the total amount of receivables attributable to HA versus the portfolio.
- The basis of calculation for attributing the settlements.

Thanks.

Best,
MB
